

Rain Coats! Umbrellas!

WITH FALLING WEATHER THREATENED AND PROMISED, "WHERE TO GET THE BEST FOR THE MONEY" BECOMES A MORE-THAN-USUAL IMPORTANT QUESTION.

No need of worrying, however, nor losing time in the hunt. It is a question we can answer to the complete satisfaction of any woman who comes here before this special lot of 86 new Coats are sold out.

This English Rubberized Coat at \$4.98

is positively the best value of the sort to be found in the city. Made as they are, of the heavy rubber coated, plaid back material, we can guarantee them to be absolutely waterproof. ALL SEAMS ARE FULL CEMENTED—made with military collar. Colors are tan and gray.

At \$8.50 We are showing the new English double-texture Rain Coats—a bargain that is a wonder for good wearing qualities, as in good looks. These Coats are made of a high grade double-texture plaid back material, with all seams full cemented; the colors are tan and olive.

At \$3.98 We are showing, for children, excellent values in highly Rubberized Slip-on Rain Coats, full cemented seams and GUARANTEED WATERPROOF—various good colors—plaid backs, sizes varying from 8 to 14 years, a value we are positive no other store can equal.

See the New "Wright-Spread" Umbrellas

An entirely new idea, and, as usual, Miller & Rhoads is FIRST to show it.

WOMEN'S AND MEN'S UMBRELLAS—The distinguishing feature of newness being the greater protection which it affords—a full 10-Rib Umbrella that raises higher and "spreads" farther by two inches than those of any other make—it's the "WRIGHT-SPREAD."

Union Taffeta and Silk Taffeta of best qualities are the coverings. The prices are \$1.50 and up to \$3.50 each; on display in the Department, second floor.

Miller & Rhoads

EXPERTS TALK ON NEWS LEADER CASE CHILD WELFARE SECTED IN COURT

Mothers' Club to Begin Two-Day Conference in Richmond To-Day.

Mrs. Frederick Schoff, president of the National Congress of Mothers, will be the principal speaker at the Conference of the Federation of Mothers' Clubs of Richmond and Virginia, which convenes to-day. She is regarded as the leading exponent of the child-welfare movement in the country and a speaker of unusual power. She has been aptly called the "Foremost Mother of the nation."

The opening meeting takes place this afternoon at 2 o'clock in the mothers' room of the old Richmond High School. It will be devoted to the registration of delegates and to the hearing of addresses by the president of the local organization and Mrs. Schoff. An informal reception between the hours of 1 and 5 will follow. Another session will be held to-night at the John Marshall High School, and two more meetings to-morrow at the William Fox School, one in the morning at 10, and the other at 2 in the afternoon.

Following are the addresses to be delivered at the meeting to-night: "The Purpose of the Conference," by Mrs. H. L. Whitlock, president; "From Testimony to Public School Children," by Edward H. Fuller, member of the City Council; address of welcome, by Dr. J. A. C. Chandler, superintendent of Richmond Public Schools, and "Child Welfare," by Mrs. Frederick Schoff, president of the National Congress of Mothers.

At the morning session to-morrow the following will speak: Miss Constance McCorkle, secretary of the Y. W. C. A.; "Our Girls," Dr. James Buchanan, secretary of the Juvenile Protective Association; "Juvenile Protection," Mrs. Frederick Schoff; "The Child Welfare," by Dr. J. A. C. Chandler; "Co-operation," At the evening meeting Mrs. H. L. Whitlock will read a report of the work done by the federation in behalf of playgrounds in Virginia. A round table discussion of playgrounds and juvenile courts will follow. The topics for the evening will be "Relation of Home and School," by Mrs. Frederick Schoff, and "Rural School Work," by Mrs. L. R. Dashiell, of the Co-operative Education Association.

ACCUSES HER FATHER

Grace Wignall, witness in another case, charged her father with cruel treatment. After dismissing Miss Maggie Dixon, of 217 North Twenty-third Street, the charge of having been sexually abused by her father, daughter of J. W. Wignall, and hearing the child's story of maltreatment at the hands of her father, Judge C. C. Chandler yesterday morning issued a bench warrant for the father, and he will appear in Police Court this morning. He was bailed in the sum of \$500.

The charge against Miss Dixon was brought by "Wignall" her half-brother, Miss Dixon explained the case frankly, she said that the girl came to her house on September 30 and showed signs of cruel beating. She took her in. The girl told a like story. She said that her father had been beaten so unmercifully by her father that she was forced to leave his roof and go to the home of Miss Dixon for protection. Mrs. E. E. Dudley, a neighbor of Wignall, testified to having seen the man beat his daughter. Further evidence against Wignall was given by his mother, who testified to the fact that the girl covered with welts and bruises.

Marrying Licenses. Marriage licenses were issued yesterday in the Hustings Court to George W. Turner and Amelia Owen; Donald B. Cuthbert and Fannie Jane Igle; Howard Jones and Fannie H. Rhine; and to H. Fred Vancorn and Annie Stone.

ADAMS STREET TO GET NEW LIGHTS

Ornamental System May Extend to Jefferson Hotel Entrance.

At a meeting of the Council Committee on Electricity last night, ornamental lights similar to those on Broad Street were ordered installed on Adams Street, from Broad to Franklin Street, it being argued that this was the thoroughfare leading from Broad Street to the Jefferson Hotel, the Hanover Apartments, the Hygeia Hospital and several other public buildings. It was admitted that the lights will probably be installed on Franklin Street in front of the Jefferson Hotel.

The committee discussed with some apparent heat the action of the Board of Fire Commissioners in asking that a committee be allowed to sit with a subcommittee in investigation of the City Hall fire. The subcommittee came in for some criticism for not having had a meeting in the month in which it has been appointed, and a motion was made to discharge it. The committee adjourned without taking any action.

Replying to City Engineer Bolling's statement in the Street Committee in regard to defective paying of contractors for the electric plant, Mr. Trafford said that since the work began, he had received seven letters from Mr. Bolling, some of them in answer to his own, and that complaints of bad paying had been promptly rectified.

TELLS BRADLEY TO REPAIR BLEACHERS

Building Inspector Beck Finds That Stand at Broad Street Park Is Weak.

BRIDGE QUESTION UP AGAIN

Fair Directors Hold That Inspector Has No Authority in Henrico County.

Giving the management ample notice so that changes may be made before the next season, Building Inspector Beck yesterday wrote to Owner W. B. Bradley, of the Richmond baseball club, that the condition of the bleachers at the ball park was unsatisfactory, the timber supports having rotted to such an extent as to render their further use unsafe. The main grandstand, covered and partially protected from the weather, is reported as being in satisfactory condition, amply strong to support the load it is calculated to carry. But the west bleachers must come down, and there must be repairs on the east side of the park before another season, to insure the safety of the crowds.

Question of Authority. Directors of the State Fair have questioned the authority of the Building Inspector in connection with the proposed reconstruction of the passenger bridge over the railway tracks leading into the grounds, for the reason that it is located in Henrico county. The directors who raise this point seem to forget that just before the Fair opened they asked Mr. Beck for a letter certifying that the bridge was in a state of repair, and that he refused, and also that Mr. Beck wrote a letter to President Fairfax after the Fair of 1910 calling his attention to the fact that the old bridge was sagging several inches, that its timbers were rotting, and that its further use would be risky. Only slight repairs were made, and Mr. Beck refused to certify that they met the objections raised in his letter, the bridge being still unsafe.

Besides its physical weakness, the Building Inspector holds the present plan of entrance to the Fair Grounds a menace to life and limb, as in case of any panic or pushing of a large crowd, many people might be trampled on the steps. Attention of the Fair Association has also been called to the danger of allowing cooking stoves under the grandstand and at other points, and a puff of smoke or a slight fire might easily create a disastrous panic.

CHAUFFEUR ACQUITTED

No Evidence to Prove that Truck Killed Turner at Fair Grounds. Chauffeur W. M. Steward, of 206 South Belvidere Street, driver of the Purdy Ice-Cream Corporation's auto truck, alleged by the police to have run over and killed Edward Turner at the Fair Grounds last Wednesday night, was yesterday acquitted before Justice T. J. Puryear, of Henrico county, on the charge of murder, and acquitted on the charge of manslaughter.

AGREEMENT SIGNED

A. P. V. A. Prepared Now to Take Care of Marshall House. A written agreement, signed by the Society for the Preservation of Virginia Antiquities, accepting from the city the privilege and control of the John Marshall house at the northwest corner of Ninth and Marshall streets, was filed yesterday in the Hustings Court, and the city clerk, Ben T. August, stated that the transfer of the property to the association, which has undertaken to preserve it, and preserve it as a museum, had been completed. At present it is being used as a school for the training of recent fire damage at the City Hall.

TWO ACQUITTALS

Chalkley Dismissed of Charge of Beating Blow to Wife, Which Caused Her Death. William Chalkley, colored, was acquitted yesterday in the Hustings Court of the charge of brutally assaulting his wife. It was alleged against him at the time of his arrest that he kicked his wife in the stomach, the blow later bringing on her death. But there was no evidence to prove that he was guilty of the act.

Thirty-Two Take Examination. Twenty applicants for registration as pharmacists and twelve applicants for certificates as registered assistant pharmacists were examined yesterday by the State Board of Pharmacy, in session at the Medical College of Virginia. The number of applicants is the smallest in years. No announcement will be made as to the successful applicants until the examination papers have been gone over by members of the board.

A Good Old Quaker

Once said to his son, "Nathan, it is not what thee reads that makes thee smart; it is not what thee eats that makes thee fat; nor what thee earns that makes thee rich, but what thee SAVES."

This quotation needs no comment. It is an expression of the very essence of success. Just as it is not what you CONSUME that makes brain or muscle, but what you ASSIMILATE, so it is that your surplus accumulation, if placed at 3 Per Cent. Compound Interest in the

American National Bank

of Richmond, Virginia,

and added to from time to time, will prove the REAL STRENGTH of your earnings. It is plain logic. Try it. ONE DOLLAR, ONE HUNDRED PENNIES, will start your account in the Savings Department of our strong national bank, and every dollar that you add to it afterwards will increase your financial strength.

TALKED ON UNTIL THEY GOT QUORUM

In That Way Board of Aldermen Finally Voted to Build Municipal Wharf.

GOES NOW TO THE MAYOR

Plan Faced Defeat for While, but Late Arrivals Put It Through.

Without a vote to spare, the Board of Aldermen last night concurred in the ordinance appropriating \$25,000 for the erection of a timber wharf on James River, which now goes to the Mayor for his approval. The ordinance provides that the Committee on the Improvement of the James River shall secure plans and award a contract for a bulkhead wharf from the mouth of Gille's Creek 600 feet to the foot of Nicholson Street.

The Board had been called in special session for the wharf matter only, and when the gavel fell a quick poll showed that there was not a two-thirds vote in favor. Three of the seventeen men present were known to be opposed, and sixteen votes were required for the appropriation. Mr. Billey therefore moved to table, fearing defeat. Mr. Powers, leader of the opposition, insisted on a vote, and the question was argued on its merits, the letters of the Old Dominion captains, heretofore read, being again discussed, the statement being made that they were not individual opinions, but those of the company, and that they had been written without seeing any chart or blue print of the construction proposed.

Explained by Engineer. City Engineer Bolling was invited on the floor and explained just what was proposed, telling of the plan for a bulkhead construction, by which the water and current would keep the sand moving and provide a deeper channel. The plans were no new design, said Mr. Bolling—nothing of his own invention—being merely a reproduction of hundreds of similar wharves. The proposed line had not only been approved by Colonel Young, the resident United States government engineer, but by the War Department at Washington, the wharf being two feet inside of the government line.

As to the objections of the Old Dominion captains that the proposed construction would obstruct traffic, Mr. Bolling said that soundings showed that where the wharf would go there was now less than ten feet of water. Such a wind as the captains feared might drive them against the wharf would in present drive them on rocks in shoal water and endanger their vessels. During the City Engineer's statement Colonel Grindy and Mr. Nelson, both advocates of the wharf, entered, and the positions of the factions were reversed. Mr. Billey withdrew his motion, and it was Mr. Powers who fought for delay. But the ordinance came to a vote on concurrence, and was concurred in 16 to 3, as follows:

Ayes—Messrs. Bennett, Billey, Butler, Cowardin, Gilman, Grindy, Gunst, Hobson, Kain, Milton, Moncre, Nelsen, Patram, Perdue, Rennolds and Whitte—16.

Nays—Messrs. Atkinson, Don Leavy and Powers—3.

Absent—Messrs. Adams, Donohoe, Grimes, Mitchell, Moore—5.

ONE MORE INVESTIGATION

This Time It Relates to That Fire in the City Hall. Chairman Gilman has called a meeting of the special committee on investigation of the recent City Hall fire for Thursday night at 8 o'clock. Superintendent Trafford, of the municipal electric plant, has been summoned and requested to bring with him a list of witnesses introduced to defend the electric plant, and summoned and asked to produce any witnesses of the fire.

Called Insane by Father. Charles Hunter, aged thirty-five, a well known druggist of the Fairfield District, Henrico county, was brought to the county jail yesterday afternoon, insane. Complaint was registered yesterday morning by the father of the affected man, who asserted that to permit him to remain at large would be dangerous. Papers were issued by Justice T. J. Puryear ordering that he be taken into custody.

Medical Society Meeting. The Church Hill Medical Society will meet at the Railroad Y. M. C. A. to-night at 8:30 o'clock. Papers will be read by Dr. W. Lowndes Peple and Dr. J. R. Blair.

BISHOP DESIRED FOR HUMBLE FUNERAL

Specially Requested That No Flowers Be Sent to Residence or Church.

CARDINAL HERE TO-MORROW

Body Will Lie in State in Cathedral—Messages of Condolence.

Prelates of high station in the Catholic Church from many sections of the country will attend the funeral of Bishop Augustine Van de Vyver, which will be one of the most imposing ever held in the city. It will take place Friday morning at 11 o'clock. While the arrangements which are in progress all tend in the direction of simplicity, in accordance with the unpretentious democracy which marked the churchman in life, the high rank he held in the church will make necessary a large degree of ceremonial and pomp in the final rites.

With the details of the funeral still in course of preparation, this much is certain: Cardinal Gibbons will pronounce the absolution at the end of the services, and Monsignor Falconio, apostolic delegate in Washington, will assist in the services. The cardinal will arrive in Richmond Thursday afternoon from Baltimore, where a celebration of the fiftieth anniversary of his ordination as bishop is now in progress.

No Flowers at Funeral. At the episcopal residence it was stated last night that the officials in charge of the funeral are especially anxious that no flowers be sent. Considerable embarrassment has arisen from the fact that numbers of the bishop's friends are sending them tokens of their respect to the residence, when, both because of his extreme modesty during life and of the precepts observed by the church on the death of its prelates, flowers are not desired.

Lay preparations for the funeral were made to-morrow morning, when the committee from the five parishes of the city met at the McGill Catholic Union and organized for the carrying out of the part to be played by the laymen in Friday's ceremonies. J. J. Creamer was elected chairman and Maurice A. Powers was made secretary.

An executive committee was appointed to draw up plans and report to the general committee to-day. Those composing the executive committee are L. P. Sullivan, Sacred Heart Church; Colonel John Murphy, St. Peter's Church; John J. Blake, St. Patrick's Church; Joseph W. Billey, St. Mary's Church; Charles Yurder, Sacred Heart Church, South Richmond; a body of 125 men were selected, twenty-five from each parish, to take charge of the laymen's part of the funeral arrangements, appoint ushers, guards of honor and detail ministers.

Rev. J. J. Bowler, vicar-general of St. Peter's parish, has been appointed administrator by Cardinal Gibbons to take charge of the Virginia Diocese until the successor of Bishop Van de Vyver is named by the Pope.

Body to Lie in State. The body of the bishop lies at present in the east room of the episcopal residence adjoining the Sacred Heart Cathedral, where he died. It will be removed to the cathedral Thursday morning, and will there lie in state until the burial Friday at 11 o'clock. The general public will not be permitted to view the body until Thursday at noon. Near the body of the dead bishop, today, stand a guard of honor consisting of twenty men. They remain on duty four hours at a time, being relieved by a fresh detail at the end of every period.

Messages of condolence continue to come in large number to Administrator J. J. Bowler and other church officials. A number of them came yesterday from the local ministry both Protestant and Catholic, and from prominent citizens. A message was received from Mayor D. C. Richardson expressing the sympathy of the municipality. Among the telegrams from a distance was one from Thomas F. Ryan, of New York, bearing condolence and expressing sorrow at the inability to be present at the funeral. Messages were also received from Bishop Prendergast of Philadelphia, and Bishop D. J. O'Connell, of San Francisco, regretting their inability to come. Bishop Northrop, of Charleston, S. C., telegraphed that he would be present.

Services for Children. In order that the Catholic children of the different parishes of the city may have an opportunity to show their respect and love for the bishop, a special service will be held at 8 o'clock on Friday at 8 A. M. The mass on this occasion will be offered for the bishop, and all the Catholic children are expected to attend.

TWO GRADUATE

Misses Emma Jones and Ida Mason Leave Sheltering Arms Full-Fledged Nurses. Graduation exercises of the Sheltering Arms Hospital were held last night in the Elks' Home, and two graduates were presented to the audience—Miss Emma Jones and Miss Ida Mason, both of Virginia. Dr. F. T. McPadden, pastor of the First Presbyterian Church, opened the exercises with prayer. The principal address was delivered by Dr. Murray Will, and Dr. Allison Hodges presented the diplomas. The two graduates were presented by Dr. Ramon Garin. The service will be held at 8 o'clock on Friday at 8 A. M. The mass on this occasion will be offered for the bishop, and all the Catholic children are expected to attend.

Building Permits. Building and repair permits were issued yesterday as follows: W. H. Scott's estate, to erect a detached two-story brick store at 1715 East Franklin Street, to cost \$2,500. H. Holzner, to erect two detached two-story brick dwellings, on the north side of Floyd Avenue between Gaymore and Strawberry Streets, to cost \$6,000.

Joseph W. Billey, to repair a brick laundry, 107 West Main Street, to cost \$150. D. H. Wianan, to repair a brick dwelling, 1028 East Broad Street, to cost \$100.

Brother Charles Improved. Brother Charles, principal of the Brothers' School at 300 East Marshall Street, who has been ill several days in the Memorial Hospital, was reported last night to be slightly improved.

BREAK EVEN AFTER ALL-NIGHT DEBATE

Lynch Measure to Keep Children Away From Motion Pictures Halts on Tie Vote in Committee—May Come Up Again.

An ordinance designed to prohibit children under fourteen years of age from attending moving picture theatres unless accompanied by parents or guardians, was discussed to a standstill before the Council Committee on Ordinance, Charter and Reform last night, remaining at midnight just where it began, the committee voting 4 to 4 on a motion to recommend its adoption. The Lynch passion was expressed, briefly stated its advantages. He had been told by the late Bishop of Richmond and by the clergy of all denominations, he said, that the custom of visiting theatres unattended was a growing menace to the morals of the young people of the city. He explained that he did not mean to reflect on the better class of moving picture houses in themselves, though some might be more or less objectionable, especially for immature minds, but his chief objection was to bringing the fact that numbers of the bishop's friends are sending them tokens of their respect to the residence, when, both because of his extreme modesty during life and of the precepts observed by the church on the death of its prelates, flowers are not desired.

Several ministers spoke at length in favor of the ordinance, but the effect of their remarks was to some extent lost when Manager Ed. Lyons, of the Colonial Theatre, asked them if they had themselves attended the exhibitions they so roundly condemned, or whether their opinions were merely based on hearsay. Mr. Lyons explained that all of the reputable motion picture houses here and elsewhere secure their films only after they have been passed on by a board of censors in New York, and that, catering only to the better class of trade, no reputable house would exhibit objectionable films, even if they could be secured. Answering one of the ministers who had alluded to the much discussed Reuland Blinford films, Mr. Lyons stated positively that no motion picture films had ever been made of the much talked of woman in the Battle case. A rather obnoxious theatrical man, not connected with any of the well recognized theatrical agencies, had taken certain posed photographs of her, both here and in New York, he said, but no motion picture films had ever been made, and none had even been submitted to the board of censors.

Defeated by Lyons. Several ministers spoke at length in favor of the ordinance, but the effect of their remarks was to some extent lost when Manager Ed. Lyons, of the Colonial Theatre, asked them if they had themselves attended the exhibitions they so roundly condemned, or whether their opinions were merely based on hearsay. Mr. Lyons explained that all of the reputable motion picture houses here and elsewhere secure their films only after they have been passed on by a board of censors in New York, and that, catering only to the better class of trade, no reputable house would exhibit objectionable films, even if they could be secured.

Answering one of the ministers who had alluded to the much discussed Reuland Blinford films, Mr. Lyons stated positively that no motion picture films had ever been made of the much talked of woman in the Battle case. A rather obnoxious theatrical man, not connected with any of the well recognized theatrical agencies, had taken certain posed photographs of her, both here and in New York, he said, but no motion picture films had ever been made, and none had even been submitted to the board of censors.

FREE BOOK PLAN HAS MANY FRIENDS

But Ordinance Committee Sends It On for Others to Consider.

After prolonged debate last night, the ordinance providing for free textbooks for public school children was referred to a subcommittee, consisting of Messrs. Pollock, Gunst and Brown, after a majority of members of the committee had expressed themselves in favor of the principle involved. Mr. Fuller, patron of the ordinance, presented a large amount of data gathered from many cities, showing the cost of textbooks when provided by the city to vary all the way from 50 cents to \$1 per capita. Of twenty-five cities of which he had made special inquiry, in eight the cost was from 20 to 30 cents; in eight, from 40 to 50 cents; in three, from 60 to 70 cents, and in only four more than \$1.00 per capita.

Superintendent J. A. C. Chandler, of the city public schools, said that while the School Board had taken no action, it was divided on the question. For himself, if properly administered, he favored the city providing the books. He explained as many as a half dozen methods in vogue in different cities, some cities renting the books to pupils at some price, some providing books and supplies absolutely free, and still others requiring a deposit, which is refunded when the books are returned in good order.

As to the cost, Dr. Chandler said, if all present books were discarded, a complete new set for the entire school population would cost \$25,000 wholesale, or \$45,000 at the list price. If pupils could be induced to turn in their present books, in return for those of the next grade on promotion, the initial cost would be much less, and the annual cost after once installed, some proof has been made to the effect that the cost of the books would be eliminated. The subcommittee was instructed to perfect the ordinance so as to provide that the School Board might make rules and regulations for the issuance and return of books, and to inquire into the State laws governing the list prices of books as fixed by agreement between the State Board of Education and the various publishers, and whether in the event that the city was purchasing wholesale the entire number of books needed for the Richmond schools it would be limited by State law to the regulation book list, or might invite competitive bids through the School Board for the supplies needed.

LOST PRISONER ON STREET CAR

County Officers Also Fail to Find Man Who Was Shot Near Gayton Mines.

Will Stone, colored, is wanted by the police of Henrico county on the charge of shooting "Topsy" Jones with intent to kill. The affair is the most peculiar in the county's history, having encountered in many a day, both the wounded man and the criminal being at large.

The shooting occurred Monday night between 11 and 12 o'clock, in the Gayton coal mines district, and county police shortly afterwards reached the scene. Witnesses told of the crime, and the officers followed a bloody trail into the nearby woods, where they eventually lost it. The amount of blood lost by the man indicates a serious wound, and it is not unlikely that he is lying somewhere in the woods dead.

County Policeman Gille Sadler succeeded in arresting Will Stone, the man who did the shooting, and brought him to Richmond yesterday. He boarded a Main Street car with his prisoner and started for the county jail. Between Sixth and Seventeenth Streets the negro took advantage of a minute when the deputy was off his guard, and jumping off the car, made good his escape. The officer was not aware of the escape of his prisoner until Seventeenth Street was reached, and he was unable to tell at what point Stone jumped off the car.

Stone is described as being of a yellow shade, about thirty-five or forty years old, six feet tall, and weighing 150 pounds. At the time of his escape he wore a mustache, a broad-brimmed black hat, blue overalls and tan leather shoes. The police of the city have been notified to be on the lookout for him.

STATES TO OPPOSE

Said That They Will Resist Reorganization Plans of the American Tobacco Trust.

According to information received from New York last night, Virginia, North and South Carolina, through their attorneys-general, will oppose the reorganization plans of the American Tobacco Company. Attorney-General Samuel W. Williams stated last night that he had received a message from the attorney-general of North Carolina asking for a conference on the subject, but Mr. Williams declined to state what steps would be taken in the protest, or when and where the conference would be held.

Arrests Yesterday. Edward Blinn, colored, was arrested yesterday on a charge of stealing a quantity of lead pipe and water fixtures from John A. Blake.

J. M. Green, colored, was arrested and locked up in the Second Station on a charge of stealing a box of snuff from the Richmond, Fredericksburg and Potomac Railroad Company.

George Scott, colored, was arrested by Detective-Sergeant Bailey and Detective Helton on suspicion of having stolen a suit of clothes.

Police Court Cases. Smith Granderson, colored, was called in Police Court yesterday morning to answer to a charge of assaulting Washington Napoleon. The hearing was continued to October 25.

James Minnis, colored, charged with shooting at John Russell, was fined \$100 and sentenced to spend twelve months in jail.
